## Bargaining Committee Training

Dear local 3642 members,

July 12-14, 2022 the bargaining committee met in Pittsburgh, PA.

Along with the local presidents and staff representatives we discussed current contract language and what changes we would like to see.

Your bargaining committee is composed of three representatives from airports and two representatives from reservations for the CWA group. The IBT group will have two representatives.

This is a work in progress and all of us are committed to a strong and fair contract.

The CWA-IBT association will be sharing information as well. If surveys are distributed it is important that we all complete them. We must all stand together in unity during this process.

Greetings Brothers and Sisters,

I am wishing everyone the Happiest New Year possible and many blessings that I hope 2022 has in store for all of you.

We have survived this past year, which has been a challenging and difficult time for our Airline Family. I am so looking forward to hopefully getting some normalcy back in our lives and jobs. We have more accomplishments that need to be made in 2022 and I'm thankful for the ones we were able to reach this past year.

Please feel free to reach out to your Local for guidance and assistance. I realize there is a lot of misinformation and misunderstandings being shared on different platforms. Just know, going forward, it takes a united front to succeed and achieve a better quality of work life.

I want to thank the membership for helping us with donations for our members in 2021. Your thoughtfulness and generosity helped many of our colleagues this past year. We will continue to do this in 2022. We also hope to finally have an in-person Member Appreciation day sometime this year. Thank you all for what you do every day!

In Solidarity,

Tammy Scott

Greetings Brothers and Sisters,

I know this year has been a very challenging and difficult time for our Airline Family. I am so thankful that I was elected as President of Local 3642 and I have been blessed to have the best Eboard and membership possible. The company is working hard to provide relief by adding additional members to our AA family.

Please feel free to reach out to your local for guidance. I realize there is a lot of misinformation and misunderstandings being shared on different platforms. Just know, going forward, it takes a united front to succeed and achieve a better quality of work life.

I am looking forward to the future and with the RDU Res lease being renewed, it is already beginning to look brighter. This fall we are planning on a Member Appreciation Day. We look forward to spending time together, sharing some laughter and having some much needed fun.

In Solidarity,

Tammy Scott  
President Local 3642
